SPIDER SECURITY STEP BIT

PART NUMBER: SSP-ACC-STEP-001

DESCRIPTION AND BENEFITS

Finally, a stepbit designed specifically for Security Installers!

The Spider Security Step Bit goes up to an inch, not 7/8" and not 1-3/8"

IT MAKES A PERFECT ONE INCH HOLE FOR DOOR CONTACTS!

With this tool security installation companies and building owners alike can all relax knowing that installers can no longer 'accidentally' drill holes larger than the actual door contacts. This is perfectly sized!

We've built this of 'Molybdenum 7', one of the hardest steels available (and with a melting point of over 4,500°).

Use with our **Spider Drill Shield** for the ULTIMATE PAIRING!

SPIDER DRILL SHIELD *Sold Separately
